

The more your business grows, the more you rely on your accounting software to help you manage transactions and the other areas of your business. Chances are more of your team will also need to access your business information.

MYOB Premier is for businesses that need to streamline accounts procedures, simplify complex inventory issues, require multi currency capability, bill for time or increase productivity with multi-user capability.

Business Insights

NEW

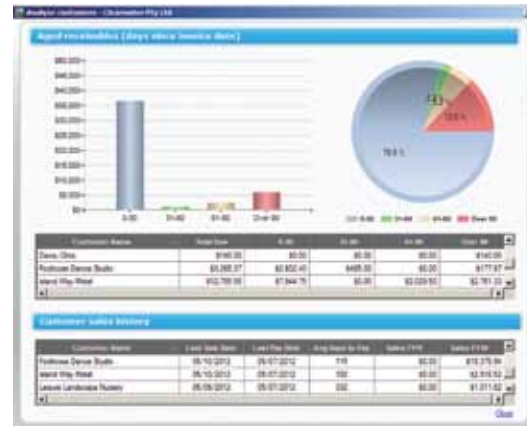

The Business Insights feature allows you to analyse key financial information using a range of interactive tables and graphs. You can use it to analyse your:

- available cash
- cash flow
- profit and loss
- the money that you owe suppliers
- the money that customers owe you

With access to such information you can now:

- Plan your expenditure work out
- Predict the effect a major purchase or hiring would have on your cash position
- Predict CashFlow Issues
- Renegotiate customer payment terms
- Contact customers with overdue payments
- Negotiate a payment or discount with your supplier

Business Insights runs as a separate program

Business Insights can remain open while you have your company file open. If you want, you can analyse data using Business Insights while other users enter transactions in your company file. Click Refresh to update information with their changes.

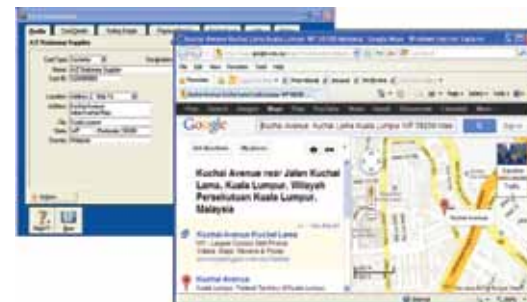

With the addition of Business Insights you now can make smarter decisions in a shorter period of time.

View contact addresses in Google Maps™

NEW

You can view a map of a contact's address, as well as get directions to their address via Google Maps. All you have to do is bring up the contact details stored in your MYOB card file and then click on the Google map link found inside your MYOB software. You can get directions from primary address of your business to the contact's address via Google Map, making service rendered to your contacts that much quicker!

Now you have a great way to use the Internet and MYOB to help your business succeed.
